

Safety Tips: Keep scissors out of reach of children. Keep all glue caps, marker caps and other small items out of reach of children age 3 or under, as they are a choking hazard. Use nontoxic washable markers only. Watch young children when they are using crayons, to be sure they don’t put them in their mouths. Have an emergency plan in place in case of injury, ie. personnel trained in First Aid procedures

Quick and Easy Fiery Furnace Craft

Fiery Furnace Coloring page
 Flame patterns (if using cp)
 Orange/yellow Tissue paper OR construction paper (cp)
 Glue sticks
 Scissors (adult)
 Crayons

Prep: Print craft pages. Make copies of coloring page. If using Tissue Paper, cut 10 X 4” rectangles of tp. Cut down the length of the rectangle, in the center, in a zig-zag line, cutting close to the edges, so you end up with two strips of “teeth. If using construction paper, use flames as patterns: Cut out, lay on construction paper, trace and cut out cp flames. **Craft:** Kids color picture, and glue on cp flames or fold the tissue paper shapes. To glue, place glue on the fire in picture, at the bottom only. Stick tissue paper “flames” on top of glue and press down. Reshape flames to puff out.

Paper Bag 3D Fiery Furnace		
	<p>Friends picture (Week 1) Angel stand-up Fire picture (optional) Orange and yellow tissue paper or construction paper Grocery bags or large lunch bags Scissors (adult only) Restickable glue sticks Extra strength glue sticks Clear tape Crayons Orange, yellow markers</p>	<p>Options: Large or Small Craft: Use large paper bag (Grocery Bag) with full-size characters OR use large Lunch Bag and reduce the size of the characters and fire when making copies on copier. Three Ways to Make Fire: 1. Color the fire picture. 2. Wad up tissue paper. 3. Do both. (Sample in photo uses both).</p>
<p>For ages 2+. Note: The instructions for the Grocery Bag size. Scale down measurements for smaller craft. Pictures: Print all pictures and copy onto cardstock. Cut out pictures. Stone Edge on Furnace: 3" down from the top of the bag, draw rectangular shape (10 X 12-1/4"). Draw another rectangle 1-1/2" inside of the edges of the first one. That's your stone edge. As you cut out the opening for the furnace, leave another 1" edge inside the smaller rectangle and cut slits to each corner so you can fold the edges under and glue down for reinforcement. Fold down the top 2" of bag and glue down, to reinforce top. Fire: Use fire shape as a pattern to cut fire out construction paper, or cut tissue paper in half diagonally to create triangles for kids to scrunch up. Craft: Furnace: Kids color a brick/stone design on furnace edge. Help kids fold and glue down top edge of bag and opening of furnace. Pictures: Kids color the pictures, place restickable glue on back of angel and Friends. Allow to dry. Kids scrunch up tissue paper up to make 3D flames, and set in between the characters. Fold back tab on fire picture; tape to bottom front of bag. Rearrange characters so you can see them. Optional: Write on the top: God saved the three Hebrew children from the fire! or something similar.</p>
