

Safety Tips: Keep scissors out of reach of children. Keep all glue caps, marker caps and other small items out of reach of children age 3 or under, as they are a choking hazard. Use nontoxic washable markers only. Watch young children when they are using crayons, to be sure they don't put them in their mouths. Have an emergency plan in place in case of injury, ie. personnel trained in First Aid procedures

* **Tri-fold Display Boards** - (Also called Presentation Boards or Project Display Boards). Check dollar stores. You can find them for \$1.00. They can also purchased online, or from department stores or office supply stores. **Option 2:** Using a safety box cutter, carefully cut three sides of a cardboard box. The one in the photo was 39" X 27", cut down to 39" X 18" (height). The center is about 20" wide, the sides 10".

How To Make Fiery Furnace Storyboard - **Prep:** Make all craft samples (See craft instructions). Put restickable glue on the back of the friends. **Gold statue** (Enlarge to double its size while printing or copying). Print the bw picture onto gold paper or color it; OR print the illustrated picture. (The bw statue in photo was enlarged, colored with a crayon). Cut out. Bend feet so its "stands". Tape with rolled pieces of tape, or glue, to left side of the storyboard. **Furnace:** Fold the paper bag (of the Fiery Furnace Craft) flat; glue or tape to center of storyboard. Tape top closed. (*Leave front of furnace open to add and remove characters*). Tape the angel high enough to be seen when Friends are added. Tape fire at the bottom only, on top of the angel). **Scroll:** Print scroll onto parchment resume paper. Curl top and bottom edges. Glue or tape to right side. **How to Use:** Place Fiery Furnace Storyboard on the table. Introduce the characters to the scene and stand them up in front of the board when it indicates in the lesson. You'll be placing put the Friends and angel inside of the furnace, and taking them out again during the lesson.
