Safety Tips: Keep scissors out of reach of children. Keep all glue caps, marker caps and other small items out of reach of children age 3 or under, as they are a choking hazard. Use nontoxic washable markers only. Watch young children when they are using crayons, to be sure they don't put them in their mouths. Have an emergency plan in place in case of injury, ie. personnel trained in First Aid procedures

* Tri-fold Display Boards (Also called Presentation Boards or Project Display Boards). You can find these for \$1.00 at some dollar stores or 99 cents stores. If you'd rather keep your dollar, there's a free option: Make your own from a cardboard box: Using a safety box cutter, carefully cut three sides from a corrugated cardboard box. The display board in the photo was 40" X 27", cut down to 40" X 21". The center is 20" wide, the sides 10".

How To Make the Daniel 4 King's Dream Storyboard

Design Your Storyboard: You can arrange the words and pictures in a way that you think will work best for you and your class. The storyboard design above is just one possibility. Read through the lesson and play with the pictures and characters to see what suits your teaching style best. **Words:** After you decide on your storyboard design, glue the words where you want them (Use restickable glue to try out the positions).

Stickers: Print the black-and-white pictures and color them (shown above), or print the color-illustrated pictures. Note: Enlarge the Tree to 1-1/2 X its original size (150%) while printing or making a copy). The stickers will need to be restickable (or repositionable) since you'll be adding the pictures to, and taking the pictures away, from your Bible storyboard for the lesson (skit). To make repositionable stickers, place restickable or repositionable glue on the back of the pictures: Tree, the Stump (Stumpy), King Nebuchadnezzar (Nebbie), King Nebbie beast, the fruit, and birds.

Standups: If you have already done lessons 1-3, you already have Daniel, King Nebuchadnezzar, and the Angel from the previous lessons. (These characters are also included in this lesson, as well). The only new standup you'll need to make for this lesson is the Animals Standup. You'll also use the Nebbie Beast Paper Bag Puppet for the last part of this fun Sunday School lesson for children. (See Craft Instructions).

How to Use the King's Dream Storyboard: Place Storyboard on the table. Seat children so they can all see it. Introduce the characters to the scene and stand them up in front of the board when indicated in the lesson. The lesson (skit) will also tell you when to add and remove your stickers.

Animals Stand-up for Visual Aid for Daniel 4 Storyboard

(This can also be a children's craft for the story of Creation)

<p>ANIMALS STAND-UP FOR VISUAL AID</p> 	<p>Animals Standup craft page Stands craft page Cardstock Scissors (for adult) Crayons</p> <p>See Craft Instructions for how to make character standups.</p>	<p>(Ages 3+) Prep: Print Animals Standup and Stands pages. Make copies onto cardstock. Cut out stands and animals picture for children. (Keep scissors out of reach of children). Craft: Children color picture. Glue stands to back of animal picture, flush with bottom, overlapping in the middle, so that the slightly raised end of the tabs (the parts that fold back) are on the outside. (See labels on Stands craft page). The Animal Standup will tilt back slightly if done correctly. Fold back tabs to stand.</p>

Other Uses for Your Daniel 4 Bible Storyboard:

Make a Children's Bible play set for the Daniel 4 Bible Story: Make the characters a little sturdier by laminating or placing clear Contact Paper™, or Press-n-Seal™ food wrap over your stickers and characters before cutting them out. Let children re-tell the story in their own words using the Bible play set.

Limited Sharing: To get maximum use out of your Bible Storyboard, remember, you can also share your lesson and bible resources with the teachers of your same local church or preschool, and with your own family. See the terms and conditions of using these printables. The lesson and visuals are best-suited for ages 3-6.
