

Scene II – Jesus Rides the Donkey to Jerusalem	
Narrator	So off they went to Jerusalem. Jesus rode on the donkey and the disciples walked along beside him. When they came to the Mount of Olives, they had to go down the steep mountain into Jerusalem. Step by step, the little donkey bravely took Jesus down the steep road into the city. (Move donkey from up high to down low, slowly). Are you having a good time, little donkey?
Donkey	Eee-aw! Eee-aw! (Jumps up and down).
Narrator	Many people had come to Jerusalem for the feast and celebration! When they heard Jesus was coming, large crowds of people ran out to meet him! When the people saw Jesus riding on the donkey, they took palm braches from the trees and waved them, shouting praises to him as he rode along! Let’s pretend we’re there in the crowd. We can wave Palm Branches and pretend Jesus is on the donkey. (Give each child a Palm branch to wave, as you move donkey back and forth in front of you). When they heard the noise, all the people of the city were wondering what was going on. They asked, “What’s all the shouting about?” And “Who is Jesus?” The people in the crowd answered the best they knew how.
